He has very cartoonish designs for his characters, which is not surprising with the game derives from a cartoon show. If there is a criticism that can be said against Motu Patlu Game's graphics, it is that it can be too childish. The animations are also fluid and reactive. With his projects of childhood characters, intuitive checks and general simplicity, it is undoubtedly a game that parents can deliver to their children to keep them busy for a while. Offered from June Software and Nazara Games, Motu Patlu Game has six levels with different challenges. Your mileage can vary on this point, however, the game was clearly made for children. A good game for children's game is clearly a game for children. Like most platform games, your goal is running on the platforms avoiding other players and enemies. Your goal in the game is running with your friends and working together to capture and defeat The Don. With the coins you earn while progresses through the levels, you will be able to buy new characters characters It can help you in the game. For example, you can use exploding rockets to unleash a powerful explosion. For fans of Motu Patlu's show, Motu Patlu Game is an excellent port. Game Patu Patlu is a fairly intuitive platform game. It has no offensive or inappropriate content that parents must worry about. Obviously, elderly people will not have much fun from this app as children would do as it is not sophisticated nor original. However, the 3D models are distinct and beautiful to look at. In terms of graphics, the Motu Patlu game is quite good. You can use the slowed waves to stop the progress of your enemy or the teleportation portals to help your friends get out of sticky situations. Of course, there are also many excellent updates that users can buy with in-game currency to make you even faster and more powerful. Softonic Review Motu Patlu Game is an adventure game with the characters of the Indian sitcom with the same name.
